## WORK EXPERIENCE

---

### Krusche & Company GmbH (K&C)

Mar. 2022 – Aug. 2023

K&C is a Munich-based IT outsourcing firm working with major European clients.

*Remote*

*Advanced Front-end Developer | August 2022 – August 2023*

- Worked as a Front-end Engineer for Informa EBD's group PartneringOne platform
  - Utilized React and Redux Saga to develop and maintain a dynamic and responsive user interface, contributing to an improved user experience for thousands of platform users.
  - Led the implementation of new features and resolved critical bugs, ensuring the platform's stability and functionality, which directly supported high-stakes international biopharma partnering events.

*Cloud Applications Developer | March 2022 – August 2022*

- Utilized Vue to develop and implement a digital knowledge platform for 133 Frisian municipalities in Germany, streamlining the complex process of applying for public funding.
- Resulted in increased efficiency and success rates for funding applications, aiding in the development of local infrastructure projects.

### Moonline Travel and Trade

Dec. 2018 – Feb. 2022

*Web Developer*

*Sulaymaniyah, Kurdistan*

- Built and maintained responsive, multilingual B2B and B2C websites, increasing user engagement by 27% and reducing load times by over 34%.
- Developed HANA DB queries for PowerBi, supporting the company's automation process and enabling data-driven decision-making.
- Managed client API certification, providing documentation and support, ensuring successful integration and implementation.

### The American University of Iraq, Sulaimani

Mar. 2017 – Jan. 2019

*Student Services Intern*

*Sulaymaniyah, Kurdistan*

- Organized and facilitated events that both students and staff participated in.

## EDUCATION

---

### University of Surrey

September 2024

*MSc Artificial Intelligence*

*Guildford, UK*

- Relevant modules: Machine Learning, Computer Vision, Deep Learning, Healthcare and AI, Ethics and Regulations of AI.
- Projects: Transformers for Scene Recognition, CNNs for knife classification and vehicle re-identification.
- Funded by the UK Government's Chevening Scholarship program.

### The American University of Iraq, Sulaimani

June 2019

*BSc Information Technology*

*Sulaymaniyah, Kurdistan*

- Member in almost every club the university had.
